4. Create and maintain supportive and safe learning environments
5. Assess, provide feedback and report on student learning
6. Engage in professional learning
7. Engage professionally with colleagues, parents/carers and the community

# Statewide Vision Resource Centre

## 2024 PROFESSIONAL LEARNING

### Professional Learning Alignment

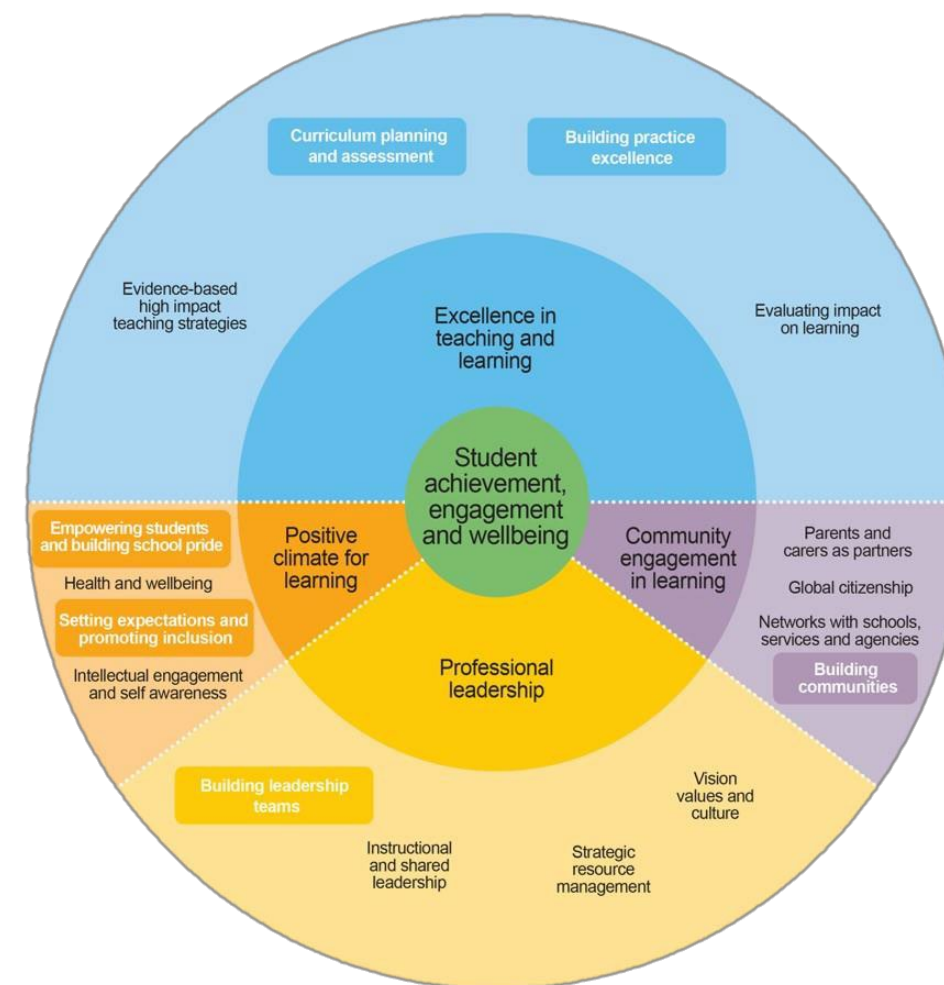

#### Framework for Improving Student Outcomes (FISO)

The FISO model provides a common language for school improvement across the Victorian government school system. It is structured around four state-wide priorities that are proven to have a strong bearing on the effectiveness of a school:

- Excellence in teaching and learning
- Professional leadership
- Positive climate for learning
- Community engagement in learning

This calendar displays the links between each of SVRC’s events and the four FISO state-wide priorities.

#### AITSL Standards

Australian Professional Standards for Teachers

Professional Practice, Engaging Teaching

The Australian Professional Standards for Teachers are a public statement of what constitutes teacher quality. They define the work of teachers and make explicit elements of high-quality, effective teaching in 21st century schools that will improve educational outcomes for students.

This calendar displays the links between each of SVRC’s events and the seven Australian Professional Standards for Teachers.
