STATEMENT OF COMMITMENT TO CHILD SAFETY

Statewide Vision Resource Centre is a child safe organisation which welcomes all children, young people, and their families.

We are committed to providing environments where our students are safe and feel safe, where their participation is valued, their views respected, and their voices are heard about decisions that affect their lives. Our child safe policies, strategies and practices are inclusive of the needs of all children and students.

We have no tolerance for child abuse and take proactive steps to identify and manage any risks of harm to students in our centre environments.

We promote positive relationships between students and adults and between students and their peers. These relationships are based on trust and respect.

We take proactive steps to identify and manage any risk of harm to students in our environment. When child safety concerns are raised or identified, we treat these seriously and respond promptly and thoroughly.

Particular attention is given to the child safety needs of Aboriginal and Torres Strait Islander students, those from culturally and linguistically diverse backgrounds, international students, students with disabilities, those unable to live at home, children and young people who identify as lesbian, gay, bisexual, trans and gender diverse, intersex and queer (LGBTIQ+) and other students experiencing risk or vulnerability. Inappropriate or harmful behaviour targeting students based on these or other characteristics, such as racism or homophobia, are not tolerated at our centre, and any instances identified will be addressed with appropriate consequences.

Child safety is a shared responsibility. Every person involved in our centre has an important role in promoting child safety and wellbeing and promptly raising any issues or concerns about a child's safety.

We are committed to regularly reviewing our child safe practices, and seeking input from our students, families, staff, and volunteers to inform our ongoing strategies.

Specific staff child safety responsibilities

Statewide Vision Resource Centre will support the principal to implement our child safety policies and practices, including staff and volunteer training.

The responsibilities of the child safety champion are outlined at [Guidance for child safety champions](#).

Principal and Assistant Principal Class are the first point of contact for child safety concerns or queries and for coordinating responses to child safety incidents.

- Statewide Vision Resource Centre Assistant Principal is responsible for monitoring the centre's compliance with the Child Safety and Wellbeing Policies.

- Anyone in our community should approach the Assistant Principal if they have any concerns about the centre's compliance with the Child Safety and Wellbeing Policies.
- The Assistant Principal is responsible for informing the community about this policy, and making it publicly available on our website.
- Other specific roles and responsibilities are named in other child safety policies and procedures, including the Child Safety Code of Conduct, Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures, and Child Safety Risk Register.

CHILD SAFETY CODE OF CONDUCT

Our Child Safety Code of Conduct sets the boundaries and expectations for appropriate behaviours between adults and students. It also clarifies behaviours that are not acceptable in our physical and online environments.

We ensure that students also know what is acceptable and what is not acceptable so that they can be clear and confident about what to expect from adults in the school.

The Child Safety Code of Conduct also includes processes to report inappropriate behaviour.

MANAGING RISKS TO CHILD SAFETY AND WELLBEING

At our centre we identify, assess, and manage risks to child safety and wellbeing in our physical and online environments. These risks are managed through our child safety and wellbeing policies, procedures, and practices, and in our activity specific risk registers, such as those we develop for incursion and excursions, adventure activities and facilities and services we contract through third party providers for student use.

Our Child Safety Risk Register is used to record any identified risks related to child abuse alongside actions in place to manage those risks. Our leadership team will monitor and evaluate the effectiveness of the actions in the Child Safety Risk Register at least annually.

ESTABLISHING A CULTURALLY SAFE ENVIRONMENT

At Statewide Vision Resource Centre, we are committed to establishing an inclusive and culturally safe space where the strengths of Aboriginal and Torres Strait Islander cultures, values and practices are respected.

We think about how every student can have a positive experience in a safe environment. For Aboriginal and Torres Strait Islander students, we recognise the link between Aboriginal and Torres Strait Islander culture, identity and safety and actively create opportunities for Aboriginal and Torres Strait Islander students and the Aboriginal and Torres Strait Islander community to have a voice and presence in our school planning, policies, and activities.

We have developed the following strategies to promote cultural safety in our school community:

Student empowerment

To support child safety and wellbeing at Statewide Vision Resource Centre, we work to create an inclusive and supportive environment that encourages students and families to contribute to our child safety approach and understand their rights and their responsibilities.

Respectful relationships between students are reinforced and we encourage strong friendships and peer support in the to ensure a sense of belonging through implementing our student Code of Conduct and DET values.

We inform students of their rights and give them the skills and confidence to recognise unsafe situations with adults or other students and to speak up and act on concerns relating to themselves or their peers. We ensure our students know who to talk to if they are worried or feeling unsafe and we encourage them to share concerns with a trusted adult at any time.

When the centre is gathering information in relation to a complaint about alleged misconduct or abuse of a child, we will listen to the complainant's account and take them seriously, check our understanding of the complaint, support the student, and keep them (and their parents and carers, as appropriate) informed about progress.

Family engagement

Our families and the community have an important role in monitoring and promoting children's safety and wellbeing and helping children to raise any concerns.

To support family engagement, at Statewide Vision Resource Centre we are committed to providing families and community with accessible information about our centre's child safe policies and practices and involving them in our approach to child safety and wellbeing.

We will create opportunities for families to have input into the development and review of our child safety policies and practices and encourage them to raise any concerns and ideas for improvement.

We do this by:

- all of our child safety policies and procedures will be available for students and parents on our website.
- Our Bulletin newsfeeds will inform families and the school community about any significant updates to our child safety policies or processes, and strategies or initiatives that we are taking to ensure student safety.
- PROTECT Child Safety posters will be displayed in all rooms throughout the centre and all staff will complete PROTECT Child Safety training.

As a child safe organisation, we celebrate the rich diversity of our students, families and community and promote respectful environments that are free from discrimination. Our focus is on wellbeing and growth for all.

We recognise that every child has unique skills, strengths, and experiences to draw on.

We pay particular attention to individuals and groups of children and young people in our community with additional and specific needs. This includes tailoring our child safety strategies and supports to the needs of:

- Aboriginal and Torres Strait Islander children and young people
- children from culturally and linguistically diverse backgrounds
- children and young people with disabilities
- children unable to live at home or impacted by family violence

- collect and record:
 - proof of the person's identity and any professional or other qualifications
 - the person's history of working with children

All newly appointed staff will be expected to participate in our child safety and wellbeing induction program. The program will include a focus on:

- the Child Safety and Wellbeing Policy (this document)

- the Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures and
- any other child safety and wellbeing information that school leadership considers appropriate to the nature of the role.

Ongoing supervision and management of staff

All staff engaged in child-connected work will be supervised appropriately to ensure that their behaviour towards children is safe and appropriate.

Staff will be monitored and assessed to ensure their continuing suitability for child-connected work. This will be done through the staff PDP process.

Inappropriate behaviour towards children and young people will be managed swiftly and in accordance with our school and department policies and our legal obligations. Child safety and wellbeing will be paramount.

Suitability of volunteers

All volunteers are required to comply with our Volunteers Policy which describes how we assess the suitability of prospective volunteers and outlines expectations in relation to child safety and wellbeing induction and training, and supervision and management.

Child safety knowledge, skills, and awareness

Ongoing training and education are essential to ensuring that staff understand their roles and responsibilities and develop their capacity to effectively address child safety and wellbeing matters.

In addition to the child safety and wellbeing induction, our staff will participate in a range of training and professional learning to equip them with the skills and knowledge necessary to maintain a child safe environment.

Staff child safety and wellbeing training will be delivered at least annually and will include guidance on:

- our school's child safety and wellbeing policies, procedures, codes, and practices
- completing the [Protecting Children – Mandatory Reporting and Other Legal Obligations](#) online module annually
- recognising indicators of child harm including harm caused by other children and students
- responding effectively to issues of child safety and wellbeing and supporting colleagues who disclose harm
- how to build culturally safe environments for children and students
- information sharing and recordkeeping obligations
- how to identify and mitigate child safety and wellbeing risks in the environment.

Other professional learning and training on child safety and wellbeing, for example, training for our volunteers, will be tailored to specific roles and responsibilities and any identified or emerging needs or issues.

School council training and education

To ensure Heatherwood School Council is equipped with the knowledge required to make decisions in the best interests of student safety and wellbeing, and to identify and mitigate child safety and wellbeing risks in our school environment, the council is trained at least annually. Training includes guidance on:

- individual and collective obligations and responsibilities for implementing the Child Safe Standards and managing the risk of child abuse
- child safety and wellbeing risks in our school environment
- Statewide Vision Resource Centre child safety and wellbeing policies, procedures, codes, and practices

Complaints and reporting processes

Statewide Vision Resource Centre fosters a culture that encourages staff, volunteers, students, parents, and the community to raise concerns and complaints. This makes it more difficult for breaches of the code of conduct, misconduct, or abuse to occur and remain hidden.

We have clear pathways for raising complaints and concerns and responding and this is documented in our centre's Complaint Policy. The Complaints Policy can be found on our website.

If there is an incident, disclosure, allegation or suspicion of child abuse, all staff, and volunteers (including school council employees) must follow our Child Safety Responding and Reporting Obligations Policy and Procedures. Our policy and procedures address complaints and concerns of child abuse made by or in relation to a child or student, school staff, volunteers, contractors, service providers, visitors or any other person while connected to the centre.

As soon as any immediate health and safety concerns are addressed, and relevant centre staff have been informed, we will ensure our centre follows:

- the [Four Critical Actions](#) for complaints and concerns relating to adult behaviour towards a child
- the [Four Critical Actions: Student Sexual Offending](#) for complaints and concerns relating to student sexual offending

Our Student Wellbeing and Engagement Policy and Bullying Prevention Policy cover complaints and concerns relating to student physical violence or other harmful behaviours.
